

Year 3- Año 3

Week 5- Semana 5

Topic: Mi casa/ My house

Because 'cocina' is a feminine noun ending in -a.

Actividad 1: Cut 7 pieces of paper and write in each of them the name of each room in Spanish. Go around your house and put the words in the right places. For example: In your kitchen you are going to leave the paper that says.... la cocina.

If you don't have a garden, you can put the paper that says 'el jardín' close to any plants that you may have at home.

Actividad 2. Your pen pal Lola went to visit her uncle Pepe in Barcelona. He has lots of animals, Lola is telling you where the animals live in her uncle's house.

Hola amigo/a

¿Cómo estás? El fin de semana fui a casa de mi tío Pepe. ¿Sabes cuántos animales tiene? Tiene cinco animales en su casa. El caballo vive en el jardín, en la cocina vive el pájaro, en el salón vive el gato, en el dormitorio el ratón y en el baño... ¡una araña! ¡Es horrible! La casa de mi tío parece un zoo.

Tu amiga,

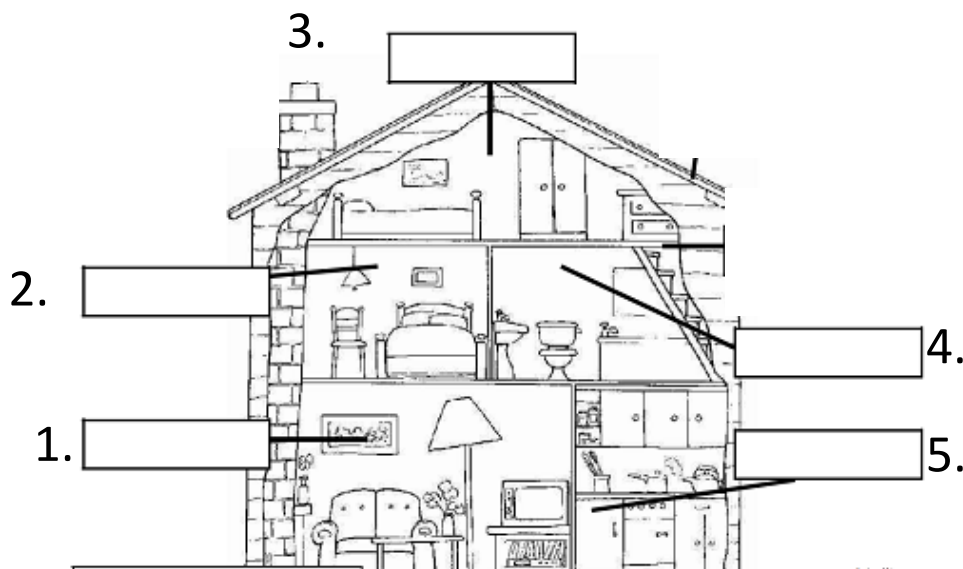

Lola

Answer 'en tu cuaderno' (in your exercise book):

1. What animal lives in the kitchen?
2. What animal lives in the garden?
3. What animal lives in the bathroom?
4. What animal lives in the bedroom?
5. What animal lives in the living room?

Actividad 3: Mild- Copy the words of the rooms in the house and label them in Spanish.

Spicy/Hot- Write from memory the rooms in the house. (You may need to revise first) Well done for challenging yourself!

Extra: Listen and sing this song so you can learn more vocabulary and improve your pronunciation.
