Task 3 : Write 5 sentences using the word correctly

Task 4: Spelling rule Endings - -able, -ible, -ably, -ibly

The -able/-ably endings are far more common than the -ible/-ibly endings.

As with -ant and -ance/-ancy, the -able ending is used if there is a related word ending in -ation.

If the -able ending is added to a word ending in -ce or -ge, the e after the c or g must be kept as those letters would otherwise have their 'hard' sounds (as in cap and gap) before the a of the -able ending.

The -able ending is usually, but not always, used if a complete root word can be heard before it, even if there is no related word ending in -ation. The first five examples opposite are obvious; in reliable, the complete word rely is heard, but the y changes to i in accordance with the rule.

The -ible ending is common if a complete root word can't be heard before it but it also sometimes occurs when a complete word can be heard (e.g. sensible).

Write the definition of 4 words that follow each rule.
