

To show my learning

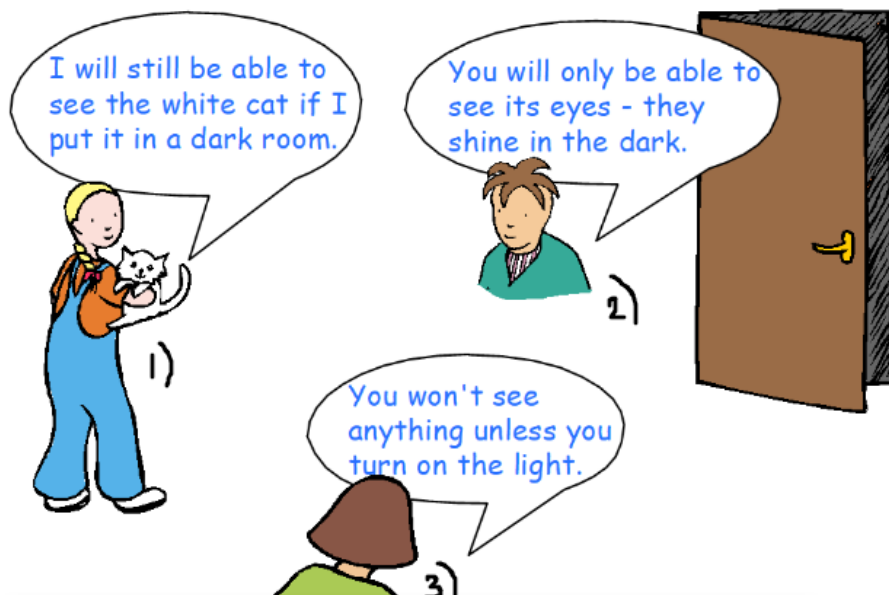

After a very exciting term learning all about Light and shadows, it is now time to showcase your fabulous knowledge showing off everything you have learnt. Watch the video link below to help remind you key things we have covered this term.

<https://www.youtube.com/watch?v=1PsHHKwtXQU>

Task 1- As a quick re-cap of what we have learnt this term, below are two concept cartoons. In your Home learning books identify which child is correct for each of the concept cartoon and explain why you think this.

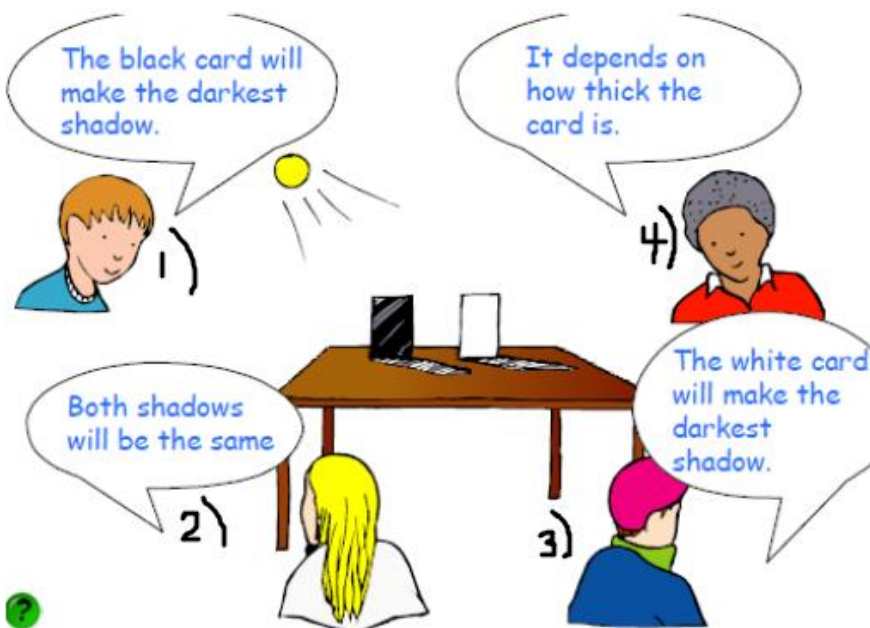

Concept cartoon A

I think that child _____ is correct because.....

I think that child _____ is incorrect because....

Concept cartoon B

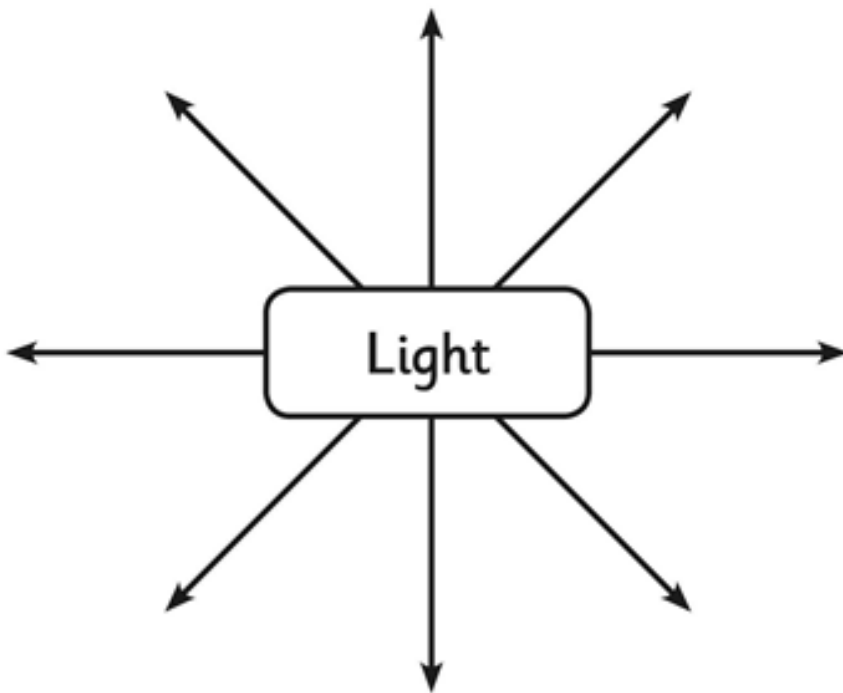

I think that person _____ is correct because.....

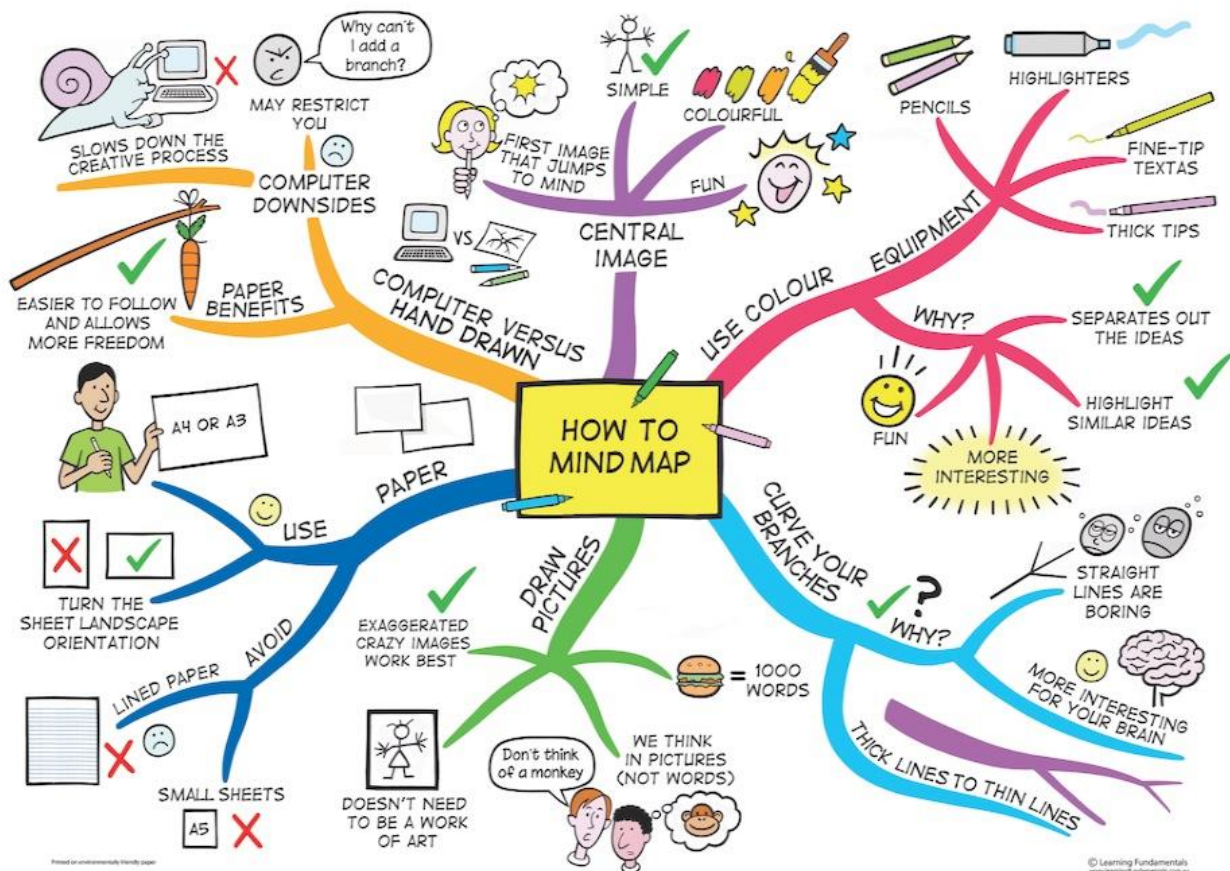

I think that person _____ is incorrect because....

Task 2- In your home learning books, draw a mind map (like below) to write down as many facts as you can remember learning this term. Use the prompt questions next to the mind map example below to help you. (Remember this is about what YOU have learnt this term and nobody else).

- 1) How do we see things?
- 2) What is darkness?
- 3) How are shadows made?
- 4) What is a reflection?
- 5) Why do people wear sunglasses?
- 6) What makes things light?
- 7) How do mirrors work?
- 8) How are shadows made?

Answers to Task 1:

Concept cartoon A: 1) incorrect; 2) incorrect; 3) correct

Concept cartoon B: 1) incorrect; 2) correct; 3) incorrect; 4) incorrect
