Last week, you gathered information about internet safety. We considered the slogan 'think before you send' and looked into different ways that we could be safe online.

What does the slogan 'think before you send mean to you?' Write your answer in your home learning book.

Using the notes that you gathered last week, we would like to create an eye-catching poster to be displayed around the school.

Success criteria

- 1) Your poster must be A4 size – preferably on plain paper.
- 2) It can be landscape or portrait.
- 3) It must contain the phrase 'Think before you send'.
- 4) It must contain at least 2 key pieces of information from your notes. This could be questions to ask before you send, it could be facts and statistics about cyberbullying. Alternatively, it could be reminders about privacy and permission.
- 5) It must contain the contact information for Childline and who children can contact when in school. This information is in red below.
- 6) It must be eye-catching. Please use a range of colours and include some pictures or symbols that will catch the reader's eye.
- 7) It must be clear it can be read from a distance as a poster.

How you create your poster is up to you! We would like you to use the creative skills you have.

You could:

- Draw your design on a piece of paper using colouring pencils or felt-tips
- You could use an app such as Pic Collage which we have used at school
- You could also use programmes such as Microsoft Word or Publisher

We understand how difficult it is for children to talk about bullying. Whether it's happening now or happened in the past, Childline can be contacted 24/7. Calls to 0800 1111 are free and confidential. Children can also contact Childline online

If you have seen anything worrying online, or you are experiencing something yourself, please speak to a trusted adult at school. You could leave a note in your teacher's worry box, speak to the teacher or teaching assistant in your class or you can speak to someone else that you are familiar with. Speaking to an adult is the best way to get the support that you need and we are always here to help you.

Here are some examples of how you could set out your poster.

BEFORE YOU PRESS SEND, THINK!
ONCE YOU PRESS SEND YOU ARE NO LONGER IN CONTROL OF THAT IMAGE. IT CAN BE SENT ANYWHERE!
AAAANNNNNNYYYWWWHHHEERRREEEEE!!!

IF YOU FEEL PRESSURED BY SOMEONE, OR FEEL YOU'RE IN A DANGEROUS OR COMPROMISING POSITION, PLEASE SPEAK TO A MEMBER OF STAFF.

Before You

THINK!

T - is it true?

H - is it helpful?

I - is it inspiring?

N - is it necessary?

K - is it kind?

Think before you click! e-Safety Rules

- On all the computers and internet I will use the correct username and password to log in
- I will leave other people's work and files alone
- I will only use the internet when an adult is in class with me, and I will ask permission before entering any website, unless my teacher has already told me that site is allowed
- If I see anything I am unhappy with or feel uncomfortable about something I see, I will tell a teacher immediately
- I will only send polite, sensible messages my teacher has checked and will never share personal information or arrange to meet someone

These rules help us to stay safe when using the computers

WHO MIGHT BE ABLE TO READ THIS?

AM I REVEALING TOO MUCH ABOUT MYSELF?
