4	 <p>A number line starting at 200 and ending at 700. Major tick marks are labeled at 200, 250, 650, and 700. There are 10 small tick marks between 200 and 650, and 2 small tick marks between 650 and 700. Two boxes containing the numbers 450 and 600 have orange arrows pointing down to the corresponding tick marks on the number line.</p>																								
5	<p>False, three lots of 50 grams are the same as 150 g.                      250 g is heavier than 150g</p>																								
6	<p>a) Whitney has scored 350 points.                      b) Four darts on the 100 points, one dart on the 50 points.                      c) Dexter is incorrect. He could score 450 points if he had 3 darts on 100 points and 3 darts on 50 points. This is because <math>300 + 150 = 450</math></p>																								
7	<p>There is 550 pence altogether.                      There is £5 and 50 pence altogether.</p>
